PHYSICAL DEMANDS:

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions. While performing the duties of this job, the employee is regularly required to sit and talk or hear. The employee is occasionally required to stand; walk; climb or balance; and stoop, kneel, crouch, crawl, and handle tools. The employee must occasionally lift and/or move more than 50 pounds. Specific vision abilities required by this job include close vision, distance vision, color vision, depth perception, and ability to adjust focus.

WORK ENVIRONMENT:

The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions. The applicant must be able to sit and stand for extended lengths of time.

While performing the duties of this job, the employee is frequently exposed to fumes or airborne particles, moving mechanical parts and vibration. The employee is occasionally exposed to a variety of extreme conditions at construction job sites. The noise level in the work environment and job sites can be loud. The position regularly works near moving mechanical parts and in outside conditions that include inclement weather, heat and humidity, and exposure to dust and asphalt.
